- ◆ *Presoaks from \$40-\$50*
- ◆ *Tire Cleaners from \$40-\$60*
- ◆ *Detergents from \$40-\$60*
- ◆ *Foam Conditioners from \$40*
- ◆ *Clearcoat Protectants from \$65*
- ◆ *Total Car Protectants from \$80*

How can Blendco provide such high quality products at super low prices?

Savings by shipping from localized vs. centralized plant	5-6%
Additional savings on packaging and value pricing	10-15%
Savings on labor	15-20%
Savings with SuperBlend	30-40%

SuperBlend Regional Blend Centers

Blendco has a network of SuperBlend Centers located throughout the country to minimize shipping and labor costs on 5, 30 and 55 gallon containers. While other chemical companies ship from one location nationwide, Blendco's network of SuperBlend Centers provides local, high quality, low cost chemicals straight to you, the car wash operator!

SuperBlend Products

The SuperBlend product line contains a full line of car wash detergents and protectants. Every product contains high quality ingredients like soil-removing alkaline builders and solvents and surfactants that foam, clean and shine. Our protectants are built with modern polymer technology and provide excellent protection, beading and drying. The following products are currently available:

Presoaks and Detergents

1660- SB Presoak with Fragrance	A high alkaline detergent with a mulberry scent that provides cleaning power and foaming for presoak applications. It is highly effective in removing dirt and grime without scrubbing.
1680– SB Purple Presoak	A high alkaline presoak with a grape scent and thick purple foam.
1668– SB Low pH Presoak	A high strength acid presoak that removes mineral type scales and soils.
1670– SB Automatic Presoak	Designed specifically for in-bay automatics. It is highly effective in removing dirt and soil quickly with a great cherry scent.
1662– SB Tire and Wheel Cleaner	A high alkaline product with an evergreen scent loaded with solvents to remove stubborn brake dust. It also provides engine degreasing.
1661- SB HP Detergent	Has a strong cherry scent and high foaming action that rinses away easily. This detergent works especially well in a self serve application.
1685– SB Bay Wash	A high pressure detergent with high foaming action that rinses away easily and is non corrosive.
1681– SB High Pressure Cream-Orange	High pressure detergent with excellent foaming abilities and an orange scent.
1682– SB High Pressure Cream-Vanilla	High pressure detergent with excellent foaming ability and a vanilla scent.
1684– SB Tricolor Foam Brush (Red, Yellow, Blue)	Produces rich, thick foam that customers will love. This product can be used as a foam brush or in splatter gun applications and is available in red, yellow and blue.

Clearcoat Protectants

1664- SB Clearcoat Protectant	High quality cherry scented protectant that outshines and outlasts other clearcoat protectants.
1663– SB Tricolor Conditioner (Red, Yellow, Blue)	A fragrance tricolor foaming conditioner for use in any tricolor application. Has a rich, fruity fragrance.
1667- SB Total Car Protectant	Creates a strong bond to the entire car and gives excellent protection to the car's surface. Has a pleasant lemon scent.

Drying Agents

1665- SB Drying Agent	Premium drying agent which forms beads of water for faster drying.
